Mr. Steve Tarlton
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80222-1530

Dear Mr. Rehder and Mr. Tarlton:

The U.S. Department of Energy Rocky Flats Field Office is transmitting to your organizations two copies of the Sampling and Analysis Plan (SAP) for Soils in the Area of the Solar Ponds Plume. The purpose of the SAP is to direct the collection of soil samples in the North Walnut Creek drainage, and this task will provide preliminary information regarding soil types, soil chemistry and physical characteristics. The investigation is scheduled to begin in early January.

If you should have any questions regarding this transmittal, please contact Norma I. Castaneda at 966-4226 or contact me at 966-4839.

Sincerely,

A handwritten signature in dark ink, appearing to read "S. Slaten", is written over a horizontal line.

Steven W. Slaten
RFCA Project Coordinator
